

Executive biography

Jon Giacomini

President, U.S. Pharmaceutical Distribution
Cardinal Health, Inc.

Jon Giacomini is president of U.S. Pharmaceutical Distribution, where he is responsible for the business consolidating pharmaceuticals from hundreds of manufacturers into site-specific deliveries to retail pharmacies, hospitals, mail-order facilities, physician offices, surgery centers and long-term and other alternate care facilities.

Prior to his current role, Giacomini was the executive vice president of Pharmaceutical Operations, where he was responsible for efficient and responsive warehouse operations at 22 distribution centers and pharmaceutical repackaging operations. Previously at Cardinal Health, Giacomini was the senior vice president of inventory management for the Healthcare Supply Chain Services segment, a role he assumed after his tenure as regional vice president and general manager for the Pacific Northwest region of the company's Pharmaceutical Distribution business. Giacomini joined Cardinal Health in the Pharmaceutical Repackaging business, where he served as its vice president and general manager.

Prior to joining Cardinal Health, Giacomini held engineering roles for Griffith Micro Science, Sterigenics and the U.S. Navy.

Giacomini currently serves on the board of trustees for the Center of Science and Industry in Columbus, Ohio.

He earned a bachelor's degree in mechanical engineering from the University of Notre Dame and an MBA from the University of Chicago.

About Cardinal Health

Headquartered in Dublin, Ohio, Cardinal Health, Inc. (NYSE: CAH) is a \$96 billion health care products and services company that improves the cost-effectiveness of health care. As the business behind health care, Cardinal Health helps pharmacies, hospitals and ambulatory care sites focus on patient care while reducing costs, improving efficiency and quality, and increasing profitability. As one of the largest health care companies in the world, Cardinal Health is an essential link in the health care supply chain, providing pharmaceuticals and medical products to more than 40,000 locations each day. The company is also a leading manufacturer of medical and surgical products, including gloves, surgical apparel and fluid management products. In addition, the company supports the growing diagnostic industry by supplying medical products to clinical laboratories and operating the nation's largest network of radiopharmacies that dispense products to aid in the early diagnosis and treatment of disease. Cardinal Health employs more than 30,000 people worldwide. More information about the company may be found at cardinalhealth.com.
