**GRAB YOUR GEAR; IT'S TIME TO EXPLORE!**  
**COSI COMES TO (NAME OF SCHOOL, CITY)**

**(City) Date-** The outdoors comes inside at (name of school) when COSI (Center of Science and Industry) brings its traveling program *Exploring Ecology* on (date). This innovative, interactive program will stimulate the imaginations of the next generation of scientists. *Exploring Ecology* is just one of six traveling science outreach programs from COSI- on of the Nation's leading science centers.

The day begins with a 45-minute interactive assembly introducing the students to ecology, habitats, ecosystems, and adaptations. This fun, educational assembly is followed by hands-on activities during which the students will investigate an ecosystem, examine tree rings and explore animal adaptations.

This COSI On Wheels program aligns with the Ohio Academic Content Standards and compliments the National Science Education Standards to deliver an amazing science learning experience directly to the school.

COSI is a hands-on science center located in Columbus, Ohio. Each year more than 300,000 students take part in COSI On Wheels programs, and in the past 30 years, COSI On Wheels has brought hands-on science into the lives of over 7.5 million students across the Midwest.

*Exploring Ecology* is made possible through the generous support of the Ohio Environmental Education Fund

**Come see for yourself! You are invited to see the COSI On Wheels *Exploring Ecology* program in action.**
