A Doctor of Medicine who graduated from the University of the East Ramon Magsaysay Memorial Medical Center (UERMMMMC). He served in a rural community hospital as an ER doctor for two years after which he went on to become a faculty staff of the Department of Pharmacology where he served his Alma Mater for seven years. He has an excellent academic experience and training on Problem Based Learning (PBL) applied in Basic and Clinical Pharmacology. He's also an associate member of the Philippine Society of Experimental and Clinical Pharmacology (PSECP). With a vocation for teaching he taught part-time in the College of Nursing of the Central Colleges of the Philippines (CCP). At present he is employed at the AMA International University, Kingdom of Bahrain where he continues to teach Pharmacology in the College of Medicine. On the personal side, Dr. Cabreros is married to Eve, a dermatologist and were blessed with a son named Tristan. Having a hobby of composing music he was able to co-produce an album entitled "Bliss" under JBBOKESSA MUSIC with three other colleagues in medicine. Dr. Cabreros hopes one day that one of his music will be recognized and be played in the radio.
