INTRODUCTION

The FY 1999 2000 calendar identifies the activities that our eleven Centres/Network throughout Southeast Asia plan to offer in the year ahead. It includes training courses, seminars, workshops, conferences and symposia listed under the name of the training Centre that offers them. If you require further information such as eligibility criteria, please contact the relevant Centre. All contact numbers are listed in this calendar including e-mail addresses.

Sometimes courses must be cancelled or delayed for some reason, but the Centres would do their best to inform interested parties directly. Such announcements are found in the SEAMEO homepage, <http://www.seameo.org>, or you can e-mail the Secretariat at secretariat@seameo.org. Also, new courses are sometimes added to the overall programmes so watching our website is important.

The language of instruction for all courses, unless otherwise noted, is English.

SEAMEO Centres are able to design courses in their own areas of expertise to meet the specific training needs of any Member Country. Such courses can be taught either in our facilities or in a SEAMEO Centre in your country. Many of our Centres have excellent residence, conference and workshop facilities available at reasonable cost. Please contact us if you have a residential learning requirement.

SEAMEO Secretariat and the SEAMEO Centres are skilled at providing specific consultant assistance in fields as diverse as tropical biology (SEAMEO BIOTROP), educational innovation and technology and non-formal education (SEAMEO INNOTECH), education in science and mathematics (SEAMEO RECSAM), language education (SEAMEO RELC), higher education (SEAMEO RIHED), graduate study and research in agriculture (SEAMEO SEARCA), performing, archaeology and fine arts (SEAMEO SPAFA), tropical medicine and public health (SEAMEO TROPMED), educational management (SEAMEO RETRAC), vocational and technical education (SEAMEO VOCTECH) and distance education (SEAMEO SEAMOLEC).

If you have needs that you feel we might be able to help you with, please contact your local SEAMEO Centre or the SEAMEO Secretariat.
