INTRODUCTION

The **FY 2004/2005 calendar** identifies the activities that our fifteen Centres/Network throughout Southeast Asia plan to offer in the year ahead. It includes training courses, seminars, workshops, conferences and symposia listed under the name of the training Centre that offers them. If you require further information such as eligibility criteria, please contact the relevant Centre. All contact numbers are listed in this calendar including e-mail addresses.

Sometimes courses must be cancelled or delayed for some reason, but the Centres would do their best to inform interested parties directly. Such announcements are found in the SEAMEO homepage, <http://www.seameo.org>, or you can e-mail the Secretariat at secretariat@seameo.org. Also, new courses are sometimes added to the overall programmes so watching our website is important.

SEAMEO Centres are able to design courses in their own areas of expertise to meet the specific training needs of any Member Country. Such courses can be taught either in our facilities or in a SEAMEO Centre in your country. Many of our Centres have excellent residence, conference and workshop facilities available at reasonable cost. Please contact us if you have a residential learning requirement.

SEAMEO Secretariat and the SEAMEO Centres are skilled at providing specific consultant assistance in fields as diverse as tropical biology (SEAMEO BIOTROP), history and tradition (SEAMEO CHAT), educational innovation and technology and non-formal education (SEAMEO INNOTECH), education in science and mathematics (SEAMEO RECSAM), language education (SEAMEO RELC), higher education (SEAMEO RIHED), graduate study and research in agriculture (SEAMEO SEARCA), performing arts, archaeology and fine arts (SEAMEO SPAFA), tropical medicine and public health (SEAMEO TROPMED), educational management (SEAMEO RETRAC), vocational and technical education (SEAMEO VOCTECH) and distance education (SEAMEO SEAMOLEC).

If you have needs that you feel we might be able to help you with, please contact your local SEAMEO Centre or the SEAMEO Secretariat.

About SEAMEO

SEAMEO is Southeast Asia's largest, longest existing and most dependable provider in human resource development in the region. In the 21st century, it is moving towards becoming the most important consulting, training, research and learning materials provider in the areas of education, health and agriculture/environment.

The Southeast Asian Ministers of Education Organization (SEAMEO) is an intergovernmental organization established in 1965 among governments of Southeast Asian countries to promote cooperation in education, science and culture in the region.

At present, SEAMEO consists of ten (10) Member Countries, namely Brunei Darussalam, Cambodia, Lao PDR, Indonesia, Malaysia, Myanmar, Philippines, Singapore, Thailand, and Vietnam. It has six (6) Associate Member Countries that include Australia, Canada, France, Germany, Netherlands and New Zealand and one Affiliate Member, the International Council for Open and Distance Education (ICDE).

Over the past three decades, SEAMEO has developed 15 specialist institutions scattered throughout Southeast Asia which provide regional leadership in human resource development clustered into learning, health and agriculture/natural resources/environment.

Vision

A dynamic, self-reliant, strategic policy-driven and internationally recognized organization for strengthening regional understanding and cooperation in education, science and culture for a better quality of life.

Mission

To enhance regional understanding and cooperation and unity of purpose among Member Countries and achieve a better quality of life through: the establishment of network and partnerships; provision of an intellectual forum for policy-makers and experts; and the development of Regional Centres of Excellence for the promotion of sustainable human resource development

Areas of Specialization and Services

Over the past three decades, SEAMEO has trained a total of 41,415 participants through the fourteen SEAMEO Regional Centre's human resource development programmes. For more details on programme information, schedule and requirements, you may visit our website at www.seameo.org or email us at secretariat@seameo.org.

Services

Training – SEAMEO provides regular training courses, customized courses, diploma, masteral and doctoral degrees as well as short courses in the Regional Centres' fifteen areas of specialization

Consultancy Services – Experts from the SEAMEO Centres and its network offer consultancy services on human resource development

Information Dissemination – Publications, reports, journals and proceedings prepared by all SEAMEO Centres are available for ordering at www.seameo.org/vl/library/dlwelcome/publications/index.html. SEAMEO also offers distance education packages to distance education providers, users and institutions

Research and Development – SEAMEO offers university-centred research as well as commissioned research

Facilities – SEAMEO offers a wide range of facilities for its regional and international clients including international guest house facilities in major cities in Southeast Asia where the SEAMEO Centres are located complete with conference halls and other function rooms; laboratories and learning resource centres.
