6. Working Ethic : I have strong work ethic, I set priorities work and focused on tasks for as long as necessary to get them done. I don't like to procrastinate work if it was I have just holding multi tasks and could not finish at the same times. If I rush my works, the result is always coming up with unproductive works.
I do always respectful of others and try to develop reputation of being an honest, hard worker. I believe that my job is very important. I accept the blame for errors I have contributed to and proactively work to fix these issues.
7. Personal Motto : I always keep in mind of Nelson Mandela's say " Do not judge me by my successes, judge me by how many times I feel down and get back up again" and I use this empower word be guiding me on my working areas.
