Teacher (Social Studies)  
Senior High School at Sakado  
University of Tsukuba  
Japan

I have been teaching at Senior High School at Sakado, University of Tsukuba (UTSS), which is one of the laboratory schools of the University of Tsukuba. I have engaged in the Super Global High School (SGH) program development which was supported by the MEXT since 2014. As a leading school of international education, UTSS has hosted the High School Students' International ESD symposium since 2012 and I have engaged in the implementation of this international symposium as a program coordinator since 2015.

UTSS has been providing the International Baccalaureate Diploma Program since 2018. As a DP coordinator, I have been working on the program development and coordination of the Diploma program since the launch of IB diploma at UTSS.
