**Mr Jason Holt CBE**

CEO & Co-Founder  
Metaverse Learning  
United Kingdom

Jason is CEO and co-founder of Metaverse Learning and founder of Holts Group of Companies.

His experience as an employer of apprentices and provider of training led Jason to dedicate his career in instigating change for learners. Jason was awarded a CBE for his services to apprenticeships.

Following his authorship of the Government Review on Apprenticeships, particularly around SME engagement, Jason has gone on to become a trusted advisor to successive skills ministers. Having chaired a number of boards to support the Government's apprenticeship reforms, including the Apprenticeship Stakeholder Board and Apprenticeship Ambassador Network, Jason subsequently co-founded the Association of Apprentices, an umbrella organisation to support, connect and empower the 1m apprentices in the UK.
