

WHAT TO DO IN CASE OF FIRE?

1. Keep calm.
2. Do not panic.
3. Always maintain peace of mind.
4. Give fire alarm.
5. Notify Fire Department without delay.
6. Get everyone out.
7. Fight the fire immediately while it is still small.
8. Use fire extinguisher correctly. Remember the P.A.S.S. method.
9. If fire gets big, get out and close doors to slow the spread of fire.
10. Do not re-enter to save valuables or personal belongings.
11. Always remember that **“HUMAN LIFE IS MORE PRECIOUS”** than any belongings.
12. Be able to know the exact evacuation center.
13. Be sure to know the exact number of fire exits and their location.
14. Should you find the fire uncontrollable, close all doors behind you.
15. Leave the area as quickly as possible through exit doors.
