

Camotes National High School  
San Francisco, Cebu

## PROJECT PROPOSAL

### Secondary Schools DRR Contest

#### I. RATIONALE:

"Building a Culture of Resiliency is a Priority" is the municipal's objective to educate communities in all walks of life the causes and effects of disasters and how and what one can contribute in his own little way to minimize them.

Continuous education and activities are initiated by the MDRR office to become resilient community.

As an institution that caters vulnerable ones like the children, the school abreast municipal programs which are parallel to DepEd's, initiates different activities to educate the students on global environmental problems and to attain municipal's vision.

#### II. OBJECTIVES:

After the contest, high school students in San Francisco shall

1. develop communication skills and gain self esteem
2. develop social growth
3. improve environmental awareness
4. impart DRR learning in their communities they belong
5. embrace and become advocates in helping global environmental problems
