

Daily Lesson Plan

Teacher's name	Suraiya Hj Muhamad	Subject	Science
Date	30 th July 2013/Tuesday	Week	31
Form	1 Amethyst (1 st & 2 nd period)	Students	21
Form	1 Diamond (3 rd period)	Students	18
Date	31 st July 2013/Wednesday	Week	31
Form	1 Diamond (7& 8 th period)	Students	18

Theme	Matter In Nature
Learning Area	5.0 The Air Around Us
Learning Objectives	5.5 Analyzing the effects of air pollution
Learning Outcomes	Students are able to : <ul style="list-style-type: none"> • Explain what air pollution is; • List examples of air pollutants; • List the sources of air pollutants • Describe the effects of air pollution • Explain the steps needed to prevent and control air pollution.
Prior Knowledge	Students know that air pollution can cause bad health
Science Process Skills	Collecting data, Interpreting data, Relating, Communicating, Observing
Manipulative Skill	-
Inculcation	
1. Knowledge	English, Mathematics
2. Scientific attitudes & Noble value	Having an interest and curiosity, Thinking rationally, Daring to try, Being confident and independent
3. Thinking & Scientific Skills	Generating ideas, Collecting data, Interpreting data, Relating, Communicating, Observing
4. ICT	LCD, Courseware CD6
5. MI	Linguistic, interpersonal, naturalistic
7. Learning Skills (LS)	-
Activities	<ol style="list-style-type: none"> 1. Teacher introduces today's learning objective & outcomes. 2. Students gather information through internet and present about: <ol style="list-style-type: none"> a. What air pollution is; b. Examples of air pollutants; c. The sources of air pollutants; d. The effects of pollution on man and the environment; e. The steps needed to control air pollution. 3. Students will prepare the slide or chart to present their outcomes. 4. Teacher guides the students to prepare a show slide presentation. 5. Students present the outcomes in group. 6. Teacher do the assessment of the presentation as Band 6.

Kolej Datu Patinggi Abang Haji Abdillah, Kuching

Teaching & Learning Sources	LCD, Courseware CD6, Text book
Homework/ Assignment	Prepare the power point slide.
Assessment	Students' presentation
Teacher's reflection	
Principal's comment/ remark
