

INTRODUCTION

- The white coffin, which is also known as polystyrene are banned due to its negative impacts to the environment and human health.
- All students are encouraged to eat at the canteen rather than buying from the canteen and eat elsewhere.
- Eco-pack is used to ease the problem and make it convenient for food packaging, replacing the usage of WHITE COFFIN.
- So, we encourage the students to use containers to minimize the waste generation. Contaminated eco-pack cannot be reuse because it contributes to waste production.

- We will share our white coffin campaign with some secondary

schools in Kuching and few schools in our trip "Kembara Pencinta Alam Sekitar" to Sabah in April and May 2010.

Time:

March till December 2010

Target

All collegians and 1 Malaysia community

Motto

'Student catalyst for sustainable tomorrow'

ACTIVITIES

1. Launching of "The White Coffin Campaign" in March.
2. "Kembara Pencinta Alam Sekitar" trip to Sabah on 30th April until 3rd May 2010.
3. "Reach Out" trip to a few primary and secondary schools nearby Kolej DPAH Abdillah and a few venue in Sabah.
4. Green Video Show during the weekly assembly.
5. Roadshow Talk on the protection of Ozone Layer
5. "Hijau" song & poem competition
6. Creative "Lestari" or Sustainable Corner in the classroom.
7. Community service in conducting 5S's & 5R's.

DO YOU KNOW?

Statistic Usage of Polystyrene Food Container in Kolej DPAH Abdillah

Daily:

20 students in each classes x 29 classes
= 580 pieces of polystyrene

Weekly:

580 pieces x 5 days
= 2900 pieces of polystyrene

Monthly:

2900 pieces x 4 weeks
= 11600 pieces of polystyrene

Annually:

11600 pieces x 12 months
= 139200 pieces of polystyrene

COLLEGIANS contribute 139 200 pieces of polystyrene, non-biodegradable waste every year.

\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$

Collegians waste

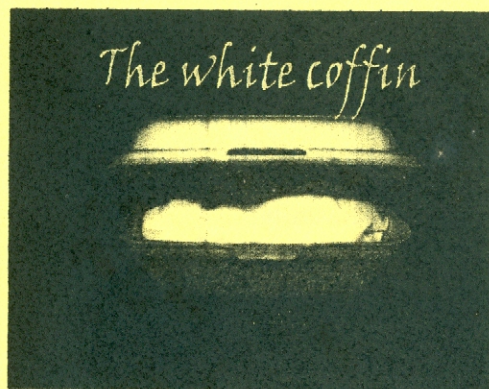

139 200 x 6 cent
= RM8, 352.00 per annum

ALTERNATIVES OF GREEN LIFE

Replace it by using
The containers

Use banana leaves

3R's To Save The Earth

1. Rethink before you decide to buy the food and drinks with polystyrene packing.
2. Rethink the effect of the polystyrene to the next generations.
3. Rethink the cost that you have to pay for the white coffin because it is not free of charge.
