

Some Environmental-Related Training of the School Personnel

During the SGC meeting, teachers and stakeholders were given a lecture on the effect of Climate change and, how this could be prevented. Mr. Tony Reyes, from Malampaya Foundation disagreed on putting garbage around for it will only create more trash. Burning of waste was also strictly prohibited not only in school. Brgy. Councilor Juno Manucdoc mentioned about the Barangay projects on Waste segregation. Teachers talked about the Adaptation and Formulation of policies for the implementation of ZPPOG.

Mr. Teddy Bolivar as he explains the bad effects of climate change.

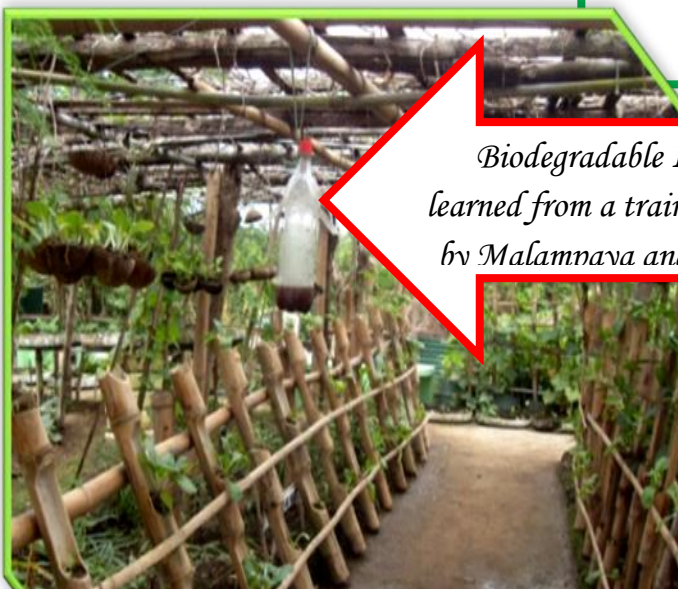

Mrs. Cora Ebor, Greenminds Brgy. Coordinator taught the parents on how to make fertilizer out of the fish of the mills.

Pupils, Teachers, Utility worker and school head attended on
