Study hard/

To be well-disciplined too/

We will maintain / the honourable name of the school / at all times

We also promise

To respect /our parents / teachers / and friends

Strongly grounded / on the “Rukun Negara” principles

2. ASSEMBLY SPEECH

Good morning to the Principal of SMK La Salle Sentul , Pn Krishna Kumari d/oNaidu, Senior Assistant of Administration, Pn Wong Sok Peng Senior Assistant of Student's Affair, En Md Saufian Bin Yaacob, Senior Assistant of Co-curriculum, En Wan Noor Azmi Bin Wan Mohammed Noor the Heads of the Department, teachers and all my dear students.

Today I'm going to share with you what Highly Immersive Programme [HIP] is. What is HIP? It is a programme under the MBMMBI [Upholding the Malay Language and Strengthening Command of English] policy that will enhance pupils' proficiency in English through increased exposure to the language in schools. In other words, HIP is an MOE initiative to encourage the usage of English Language. The importance of English is undeniable. Everyone knows that how importance English is. Knowledgeable and the ability to use English will enable one to go far in today's world. Similarly to other languages, English comprises / covers every aspect of communication, Here in SMK La Salle Sentul, HIP programme has been implemented. The objectives of the HIP programme are to

- a) To develop a highly immersive English Language environment in school
- b) To increase students' participation in English Language activities
- c) To improve students' proficiency in the English Language through extended usage.
- d) To create a conducive environment for teachers and students to communicate in English.

Therefore, various activities have been planned to promote the usage of English among SMK La Salle students, teachers, staff and parents in line with HIP. The HIP community along with the teachers have worked together to produce activities that are both crossed curriculum and hands-on for everyone. Among some of the interesting activities are English Day, Monthly Assembly, Co-academic Week, Co-curricular Activities and Exchange Bookmark Project which is organized by International Association of School Librarianship . We hope that these activities will motivate and encourage you to use the language in your daily. conversation. We will also hope that parents could provide an English friendly environment at home as a way for parents to get involved in the HIP programme. For your information, recently there are some students who participated in the ASEAN Quiz Competition and International Essay Contest for Young People, organised by The Goi Peace Foundation. I would like to take this opportunity to thank students for their participation. Therefore, I expect more students will engage in numerous activities in future. I also hope that all the La Sallians will create positive acceptance towards the importance of learning and mastering English. However, commitment from the Principal, teachers, students and parents are the ultimate deciding factors for the success of this programme. Hence, genuine involvement to create awareness among the students and exceptional effort from all parties is crucial. With that, I end my speech. Thank you.

3. A short briefing on the bookmark exchange project

Dear boys,

We exchange our digital bookmark with a school in **Hungary**.

The theme for the bookmark is **Folk tales** from around the world

But we choose folk tales from **Malaysia**.

Our Malaysia folk tales can be from Malay, Chinese, Indian, Sikh, and any race in Malaysia.

How you design your bookmark is up to your Creativity.

But it will be good to have

1. School logo
2. A picture of the folk tale
3. A short write up about the folk tale.

Example: I choose the story of Badang

Badang was a Malay boy from a Sungai Batu Pahat, Johore, Malaysia. One day, Badang found that the fish-traps he laid in a river contained bones and scales. A demon was stealing his fish..

Badang seized the demon and tied its hair to a rock. The demon begged for mercy and promised to grant Badang any wish if he spared his life. Badang wished for strength. For Badang to have great strength, he would have to swallow the vomit of the demon. Badang became very strong and he spent many years in the Singapore defending the challengers from other countries.
